

CITY OF DARLINGTON

TEMPORARY WATER / VACANT PROPERTY INSPECTION

APPLICANT INFORMATION

Full Name: _____

Best Contact Number: _____

Service Address: _____

E-Mail: _____

It is the policy of City of Darlington that all properties without service for 6 or more months must be inspected by the building official.

I understand the building official must approve a Vacant Property Inspection on or before _____ or the City of Darlington Water & Sewer Department will disconnect service on the next business day.

I understand if the water is disconnected for failing to comply with the requirements according to the checklist provided below, water will not be restored until such time as the building official approves a Vacant Property Inspection and you pay any applicable reconnection fees.

VACANT PROPERTY CHECKLIST

SMOKE DETECTORS

- A. Install near bedrooms. Multiple detectors may be required if bedrooms are on separate floors or on opposite ends of the home.
- B. In the kitchen

CARBON MONOXIDE DETECTOR

Must be installed if there is gas service

WATER HEATER

- A. Must have a pan under the water heater
- B. Pop-off valve must be popped to the exterior of the home

ELECTRICAL PANEL

- A. Must be labeled
- B. Must have a cover
- C. Appropriate breakers installed

WALL OUTLETS/SWITCHES

Must have covers and plates

RAW WIRES

No raw wires may be showing

EXTERIOR PANEL

Ensure proper grounding
